The Position
The Enrolled Nurse Level 2 (EN2) position is a clinical role responsible for clinical outcomes under the supervision of a Registered Nurse (RN).

The EN2 classification includes the following:

Certificate IV Entry	EN 2.1	Applies to an EN who has completed a Nursing and Midwifery Board Australia (NMBA) Certificate IV entry level without prior experience as an Enrolled Nurse (EN). On completion of each year of experience thereafter the employee will progress to the next increment up to and including EN 2.6
	EN 2.1-2.6	Applies to an EN who holds an NMBA approved qualification in administration of medicines with an Administration of Medication Scope of up to four routes . Experience includes experience as an EN prior to holding an Administration of Medication Qualification
Diploma Entry	EN 2.3	Applies to an EN who has completed an NMBA Diploma of Nursing entry level without prior experience as an Enrolled Nurse (EN). On completion of each year of experience thereafter the employee will progress to the next increment up to an including EN 2.7
	EN 2.3-2.7	Applies to an EN who holds an NMBA approved qualification in administration of medicines with an Administration of Medication Scope of all five routes . Experience also includes experience as an EN prior to holding the Administration of Medications Qualification

Translation of an existing EN as at 31 March 2012 who holds an NMBA approved qualification in administration of medicines with an Administration of Medication scope up to four routes is at the same increment or, where this no longer exists, the increment immediately above the current rate (prior to the wage increase at 31 March 2012) and on completion of each year of experience thereafter up to EN 2.6.

Translation of an existing EN as at 31 March 2012 who holds an NMBA approved qualification in administration of medicines with an Administration of Medication scope up to five routes is at the same increment or, where this no longer exists, the increment immediately above the current rate (prior to the wage increase at 31 March 2012) and on completion of each year of experience thereafter up to EN 2.7.

EN2 classification does not automatically advance to the EN3 classification. Maryborough District Health Service (MDHS) has a formalised process and criteria for this advancement and information regarding this process may be obtained from the Nurse Unit Manager.

Organisational Responsibilities

Organisational Values

MDHS Position Description

Each staff member must demonstrate and uphold the mission and values of MDHS. This includes accepting accountability and responsibility for their actions, demonstrating a commitment to ongoing education and professional development, and working within current scope of practice.

Equal Opportunity, Workplace Behaviours & Code of Conducts

MDHS endorses the Victorian State Government Code of Conduct. Each staff member has the right to equal opportunity and a work environment free from any form of workplace harassment and bullying. Each staff member must adhere to MDHS Policies in this regard and participate in education and training.

Each staff member must demonstrate an understanding of appropriate behaviours when engaging with children, according to MDHS' Child Safety Policy and Child Safety Code of Conduct.

Quality Improvement

Each staff member is required to participate in MDHS' Quality Improvement programs to encourage excellence of care and ensure effective and safe use of resources.

This includes participation in appropriate staff development, training and education as required by MDHS and sharing knowledge with other staff members.

Risk Management

Each staff member has a duty to take a proactive role in contributing to the identification, management and reporting of risks, including near misses and hazards. Staff members who identify a risk are required to take first line action to minimise the risk and to then report it to their direct line manager for further management. All staff members are required to report any incidents that occur during the course of their duties.

Occupational Health & Safety

Each staff member has the right to a safe working environment and should advise their direct line manager of any risk or condition likely to result in accident or injury. Each staff member has the responsibility to take reasonable care of their own health and safety, to co-operate with OH&S policies, and to participate in appropriate safety education and evaluation activities.

Infection Control

Each staff member is responsible for minimising the risk of patients, residents, clients, visitors and other staff members acquiring or being exposed to infections arising from activities within the health care environment. Staff members are to support risk management strategies by adhering to the Infection Control Policy Manual Guidelines.

All MDHS staff are required to have their influenza vaccination and COVID vaccination prior to commencement and provide evidence of the same. These vaccinations are a mandatory requirement of ongoing employment at MDHS.

Confidentiality

Each staff member must comply with the principles of confidentiality relating to patients, residents, clients and other staff members.

Failure to observe this requirement may be regarded as misconduct warranting termination and incur liability to penalty pursuant to Section 141 of the Health Services Act, 1988.

Pre-Employment Security Screening

All new staff members are required to undergo a criminal history check prior to commencement and then again every three years.

A valid Employee Working With Children Check is also required for all positions.
