Primary Purpose

To provide best practice, patient centred care in a safe and caring environment.

Accountabilities and Key Results Areas

Nursing Care & Clinical Competence

- Incorporate holistic approach to patient care in response to physical, social and emotional needs.
- Accurately assess, plan, implement and evaluate care based on individual patient's needs.
- Present clear, concise and accurate documentation.
- Competently demonstrate the use of unit specific technical equipment.
- Recognise and respond to patients' needs as individuals, in a caring, non judgemental and compassionate manner.
- Effectively evaluate and report outcomes of care and changes to plan of care.
- Actively contribute to theoretical and practical knowledge in clinical situations and health care in general.
- Liaise with client, carers, professional and community groups and relevant others in planning throughout the Continuum of Care.
- Facilitate education to meet the needs of the patients as required.
- Utilise relevant policies, procedures and guidelines to ensure safe practice.

Teamwork & Teaching

- Collaborate with other staff to form a cohesive healthcare team.
- Interact effectively with other team members in dealing with complex situations.
- Maximise work performance by motivating other team members.
- Participate in educating staff as appropriate.
- Encourage health promotion and illness prevention specific to the needs of individuals.

Management Skills

- Utilise effective time management skills to enable work to be prioritised and achieved on a daily basis to meet identified goals.
- Implement problems solving skills as required.
- Participate in meetings and quality activities as required.
- Respond promptly to internal and external customers.

Personal & Professional Skills

- Maintain a high level of initiative.
- Demonstrate accountability for nursing practice.
- Seek advice from education staff, senior staff or Unit Manager to enhance knowledge and skill development.
- Apply effective communication skills.
- Accept responsibility for own actions including continual development of clinical skills and knowledge of nursing issues and practices, to achieve best practice.
- Ensure that relevant information is accessed and read to keep up to date, including memos, minutes and computer based information.
- Share knowledge and skills gained through participation in meetings, clinical skills and ongoing education.

Generic Responsibilities and Accountabilities

- Comply with all relevant legislative requirements, organisational policies, by-laws, standing orders, vision or mission statements and values including, but not restricted to:
 - Infection Control policies
 - Confidentiality policy and privacy legislation
 - Occupational Health and Safety policies and regulations
 - Guidelines of the State Services Authority including the public sector employment principles and Code of Conduct
 - Fire, disaster and other emergency procedures
